

JENSEN PRAISES HIS SUCCESSOR

Former Ogden Packing Plant Head Retains Interests in Company

S. S. Jensen, former general manager, declared today he is much gratified that the Ogden Packing & Provision company has succeeded in securing the services as general manager of a man as capable as what he believes James Brennan to be.

Mr. Jensen says he has met Mr. Brennan a number of times in Ogden as well as in Denver and has a high opinion of his ability and predicts that with the additional capital coming into the business, Mr. Brennan will in a short time be able to overcome the present difficulties of the company and place it on a profitable footing and also carry other needed improvements in connection with the plant into execution.

Although Mr. Jensen has severed his active connections with the company, he promised full support to Mr. Brennan in every way that he can be of any assistance to him, as he still retains his heavy interest in the company, being the fourth largest stockholder, and he and Lars Hansen, two of its original organizers, hold more stock than any other common stockholder.

Mr. Jensen says he intends to take a long needed rest.

Aided Deportations to Promote Safety

TOMBSTONE, Ariz., April 16.—Fear for the safety of his family and his property caused him to take part in the Bismarck deportations, Harry E. Wootton, charged with kidnapping, testified today.

Wootton declared he heard threats from strikers that the town would be dynamited if they won the strike. He himself was threatened with bankruptcy because he was believed to be "unfair to labor," the witness said. The threats were partly put into effect, Wootton added.

Eighteen Switchmen Back to Work; More May Go On Tonight

With the return of eighteen switchmen to the Ogden yards this morning, the switchmen's strike promises to be a thing of the past before the end of the week, it was announced by railroad officials today.

Six switch crews had reported for work up to noon with prospects of a greater number of crews for the 3 o'clock shift, it was said.

"We had little voice in the matter of the walkout," some of the switchmen who returned today stated. "The trouble was brought about by two of the youngest switchmen in the yards, one who had been working for eight days and the other who had been on the job for only three days."

The switchmen who returned to work said they had no opportunity to vote for or against the strike prior to its being called.

Reports circulated about town that new men had been hired to take the place of striking switchmen were branded as false.

It was rumored about the city that the switchmen who had returned to work had again struck because they objected to working with inexperienced help who were trying to get the jobs of striking switchmen. This report was erroneous, according to switchmen now on the job.

Eight engines were in operation in the freight yards this morning and preparations were under way to have two more ready in case they were needed.

With the present embargo on freight, no congestion of cars in the local yards is anticipated. While no freight, livestock, or other goods is being accepted for shipment, all loaded cars will be made into trains and sent out of the local yards as soon as possible.

A train load of stock en route to San Francisco, which has been delayed in Ogden because of the strike, was sent out this morning. A shipment of stock was also made yesterday over the Union Pacific and the yards have been cleared of all perishable goods. No disturbance or demonstration of any kind occurred when switchmen returned to work this morning. A number of policemen and officers from the sheriff's department were on hand at the depot during the greater part of the day, but nothing that could be interpreted as an effort to start trouble occurred.

Armed officers were stationed at various points in the railroad yards and were prepared to quell any attempts at physical violence.

It is alleged that a number of I. W. W.'s from Pocatello, Salt Lake and western points have arrived in Ogden to attempt to turn the men off their jobs again.

Sheriff H. C. Peterson, who was at the Union Depot this morning, said that while no violence was expected that the sheriff's department and the police department were adequately equipped to stop any disturbance.

Word from the Southern Pacific offices indicates that no change in conditions on the Salt Lake division have been reported this morning.

STILL OUT IN S. L.

SALT LAKE CITY, Utah, April 16.—Despite notices posted and published yesterday by the Oregon Short Line railroad, that if its striking Salt Lake employees, who number upwards to 500, did not go back to work this morning they would automatically be discharged, no men are reported to have returned.

Deaths and Funerals

NAGASAWA—Kaneichi Nagasawa, Japanese, died April 13 at Elko, Nevada, from a fracture of the skull. He was born in Japan, March 9, 1879, and has been a resident of Ogden for the past twelve years. At the time of his death he was working as a section hand. The body arrived in Ogden yesterday and was taken in charge by Kirikendall. Funeral services will be held Saturday at 2 o'clock. Interment will be in the city cemetery.

LAW—Funeral services for Katherine Ann Law were held Thursday at 2 o'clock at the Kirkendall funeral chapel, with Rev. J. E. Carver officiating. Mrs. C. H. Stevens and Mrs. Louise Pierce Martineau gave the music for the afternoon. The pall bearers were J. W. Ellington, P. H. Mui-chay, W. W. Brantson, E. C. Bader, A. L. Carpenter and W. L. Lundy. Interment was in the Mountain View cemetery.

WALKER—Funeral services for Norma Walker, daughter of Mr. and Mrs. Lee K. Walker, were held at 2 o'clock at the Kirkendall funeral chapel, with Bishop N. A. Tanner officiating. Mrs. Annie Bagley sang "Beyond the Veil" and "Just as I Am." Mrs. Mary Bell Taylor sang "Your Sweet Little Rosebud Has Left You." The speakers were Ira J. Smith, Bishop Tanner and Calvin Stewart. There was a large attendance and many pretty floral tributes. Interment was in the Ogden city cemetery, where J. H. Harrison dedicated the grave.

WARREN—Services for Arvida Warren, daughter of Mr. and Mrs. Russ Warren, were held at 2:30 o'clock at the Lindquist funeral chapel, Bishop Arthur Budge officiating. Mrs. Baytha Livingston sang "My Faith in Thee" and "My Loved One Rest." Mrs. Artie Blakely sang "My Father Knows" and "The Christian's Goodnight." The speakers were Horace Garner, W. H. Ellis and Bishop Budge. Interment was in the city cemetery, with Desmond Barker dedicating the grave.

MONTGOMERY—Services for James Montgomery were held Thursday at the North Ogden meeting house, with Bishop Frederick Barker officiating. The ward choir sang "I Need Thee Every Hour" and "Rest for the Weary Soul." The male quartette sang "The Christian's Goodnight." Nephi J. Brown sang "My Father Knows" and Lizzie Norsett sang "One Sweetly Solenn Thought." The speakers were George E. Browning, Patriarch J. Taylor, Bishop Frederick Barker and Joseph Ririe. There was a large attendance and many floral offerings. Burial was in the North Ogden cemetery, with William Montgomery dedicating the grave.

COTTON TRIMMING ON SILK FROCKS IS NEWEST FAD

Have you noticed how many of the new silk and satin frocks are trimmed with white cotton embroidery, handkerchief linen folds and batiste and organdie ruffles and tucks? It is the very newest whim of dame fashion. Here is a navy blue cuffed frock which is trimmed with white linen. The blouse is made surplus style of plain blue while the skirt is of blue taffeta figured in white.

Davis Speaks on Gen. Leonard Wood

Making it perfectly clear that he was not advocating the candidacy of General Leonard Wood as the only Republican possibility as a candidate for the presidency, J. C. Davis gave an interesting biographical address on the military man with presidential ambitions at the meeting of the Weber county women's Republican committee meeting at the city hall last night.

Mrs. Georgina Marriott presided over the meeting.

Madame E. Guerin, representing the American and French Children's league, spoke on the aims of the society and asked for the support of the women on Poppy day, which is to be celebrated here tomorrow, when the population will be tagged in behalf of the work of the society.

The meeting went on record as favoring federal laws for maternity insurance and child labor, and amending of the state law so as to provide school teachers with a living wage.

Paul Wheeler gave two violin solos.

Armenians Waging Battle With Turks

CONSTANTINOPLE, April 15.—(By the Associated Press.)—Messages have been received from the Antab area, in northern Syria, indicating that Turks and Armenians are engaged in heavy fighting, the Armenians occupying the American mission buildings. This news has aroused a keenness regarding the position of thirteen American relief workers at Antab.

HAS NEW PLAN TO IMPROVE ROADS

Colorado Man Would Have Motorists Give Day to Repairing Highway

(By International News Service)
DENVER—"Rapid improvement of Colorado's highways at no cost to the taxpayers," is what Loren S. Albright, of this city, claims, if his unique suggestion is adopted.

Albright submitted a plan to local civic organizations and to the state highway commissioner that he believes will be of great benefit, especially to motorists, and tremendously increase tourist travel in the Rockies.

Albright's idea may be frowned upon by the more esthetic, but it would be fine for developing the muscles of automobile owners.

On a specified date, preferably a Sunday in late spring, after the weather has settled and the roads are in workable condition, each automobile driver takes tools (rake, pick and shovel) and improve some spot in the road over which he is traveling for a given time—say one hour.

Thus, if a number of automobiles started on the same road the first driver would take the first bad place noticed, the driver following would take the next, and so on down the line.

While this might mean a slight traffic congestion in spots, it would be relieved quickly, as the first man to stop would finish first and proceed on his way; the second man to stop would follow, thereby all resuming their original positions in their journey.

In case of a bad piece of road where one man could not accomplish the repair within an hour, let two or three stop and assist him. Undoubtedly the state supervisor of roads would be glad to distribute his regular workmen in such manner that they could render valuable assistance in overseeing the operations of the embryo road builders.

The tools necessary for this work are inexpensive and are found in the homes of nearly all automobile owners. The hour's work would be good exercise for all and the results unfold. It would result in an education to every one using a car; enable him to learn first hand what is necessary to construct and maintain a decent highway and would act as a reminder to the fellow who uses a stone to block his wheels on a highway and then drives off and leaves the stone in the road.

Some opposition has developed to Albright's scheme on the ground that roadwork by so many inexperienced workers would result in giving the highway the appearance of a crazy quilt.

WOMEN VOTERS IN MAJORITY IN ENGLAND

(By International News Service)
LONDON—Five million more women voters are to be added to the British polling books. That will mean the women voters will greatly outnumber the men, perhaps by a million.

Under the new measure, which has the government's sanction and makes it certain of enactment, women over twenty-one years of age, instead of thirty-one as at present, will get the ballot. The measure was forced upon

the government by the Labor party. This means that at the next general election the women of England will have the power of practically dominating the politics of the nation.

WIFE COULD ONLY SPEAK BULGARIAN—ASKS DIVORCE

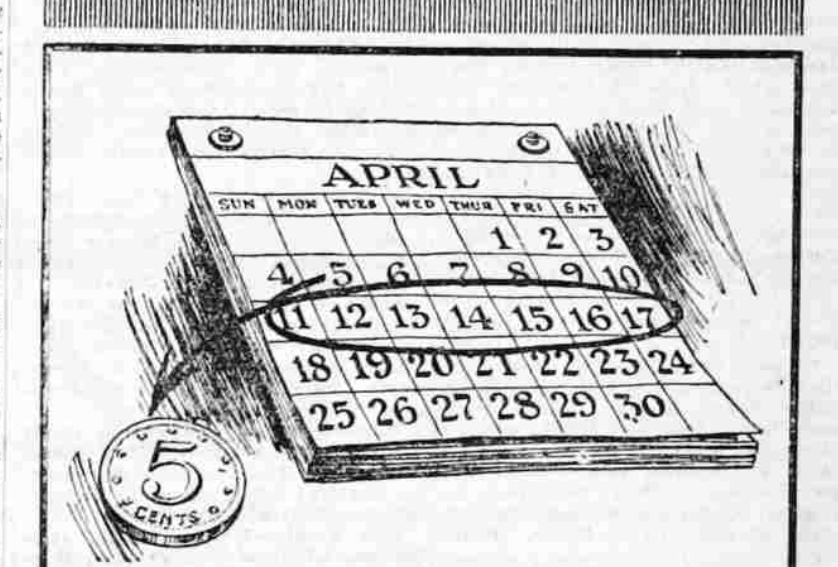

(By International News Service)
DENVER—After six weeks of fruitless effort to carry on a conversation with his bride, Nicholas Dotschoff, a Pole, wants his marriage annulled. Dotschoff declares that he negotiated with the parents of his wife, who is a Bulgarian, for her hand. Her parents declared, according to Dotschoff, that the girl could speak Polish, but after the ceremony had been performed Dotschoff discovered that she could

speak only Bulgarian, and he is tired of unsuccessful attempts to communicate with his bride in the sign language.

HIS FOOT TWISTED OFF BY REAR WHEEL OF AUTO

CLINTON, Mo.—It cost Cecil McCoy, a young Henry county farmer, a foot to be accommodating. Coming upon a stranger vainly trying to steer his motor car out of a mudhole the other day, McCoy volunteered a "lift."

When he braced his shoulder against the car McCoy's right foot became entangled in a rapidly "spinning" rear wheel and was twisted off before the engine could be stopped.

Less Than a Nickel a Week

This is all that Swift & Company's profit cost the average American family in 1919.

Here are the figures and authorities for them.

The average consumption of meat per person for a year is about 180 pounds (U. S. Government).

The average American family is 4 1/2 persons (U. S. Census).

Swift & Company's profit from all sources in 1919 averaged less than 1/4 cent per pound on all products including meat.

This averages for the family less than the price of—

- 1 cigar per week for father, or
- 1 street car fare per week for mother, or
- 1 package of gum per week for the children.

The complex service which we furnish the public is efficient and economical. The cost to the public in the shape of profit is too small to be noticeable in the family meat bill.
